

Nanophase Technologies Corporations Environmental Policy

Nanophase Technologies Corporation strongly focuses on setting objectives for safeguarding the environment and is committed to being at the forefront of good environmental practices as a responsible corporate citizen.

Nanophase Technologies Corporation is therefore committed to:

- *Comply with all domestic and international environmental laws and regulations applicable to Nanophase business and activities*
- *Identify environmental risks and manage those risks*
- *Investigate and encourage the reduction of hazardous and toxic chemicals*
- *Eliminate, reduce, reuse and recycle wastes and packaging*
- *Improve the efficiency of consumable resources usage including electric power*
- *Promote understanding of environmental, health and safety compliance among all employees through awareness, training programs and company practices*
- *Share product safe handling information with our business partners and customers*
- *Establish, maintain and make available to the public and local authorities applicable materials/process information under the requirement of applicable laws and regulations*
